858	Maybe she Flv+fr till 842; fr+smt from 842 from 856-? It seems the sounds are /ram when she pulls the fruits of the branches; but I am not sure as sometimes when I think she pulls a fruit of the branch I don't hear the sound; also sometimes I hear the sound while I thought she		~ raspberry
900	cloudy; the whole sky is covered (white); also some picked smt; not clear where the sound comes from or what she exactly eats when smt, fr.

1112	1x' ksq /Slurp before Fryp/smt (dead leafs treetop of dead tree)		
1114	Gug pohon jatuh/tumbang dari 110° ± 15m away. She looks in that direction		
1153	1 small berak again		
1156	looking at 210° when I hear tree Movements. The branch she hangs sound like going to break. She moves 1 arm length back and then moving back and forth on branch 3x looking in 210° direction ^{125° TM} ; moving back & forth to ^{decide to} palm tree gap?		
1200	She passed by an old N; but as I only just now see it I don't know whether she paid any attention to it		
1203	Fryp; for a short moment only; maybe she bit piece of bark; just looking for ryp without really finding/eating ryp		
1205	M 90; 10m + small berak again		
(FR) 1206	Starts Ffr M/K; 1208 1 fr in 44 sec; she spits out isi biji
